

What to Bring

For your dog:

All you need to bring is their food, treats and any medications they may be on.

We provide everything else including bedding,

We also have food in case your supply runs out or you forget to bring some.

\$2.50/meal

For your cat:

Cats do not respond well to changes in their environment therefore we strongly encourage you to bring things for them that remind them of home. Most effective in stress reduction for your cat(s) is to bring the bedding they are used to.
